Around 30 young people from more than 6 churches gathered for Youthinc's party in the meadow. Along with parents and youth group leaders they celebrated the end of the school year, built relationships and heard about what their local churches can offer them. For most of the incoming Year 5s it was their first taste of what our youth groups get up to.

For the crafty ones, there were opportunities to make bookmarks, weave tassels, colour crosses and mould clay. For the sporty ones, there was tug of war, rounders, badminton and football. All ages enjoyed playing games, singing, crafting and, of course, eating.
